TWENTY CENTS A MINUTE

Missouri-Kansas Game Spoiled by Heavy Rain Which Drove Crowd Away After 10 Minutes.

Twenty cents a minute is sure expensive entertainment but that is what most of the Maryville people paid who went to Columbia yesterday for the Missouri-Kansas football game.

The seats cost $2.00. And a rain which was almost a cloudburst drove two-thirds of the crowd of more than 10,000 people from the field in less than fifteen minutes after the beginning of play. A good morning game was seen by about 5,000 when Westminster beat Central 20-13. Kansas was lucky enough to have the long end of an 8-6 score in their "mud fight."

Twenty people from Maryville just filled the "lowers" in the special Pullman which was run Wednesday night to the game. About half of them came back in the car last night, while the others remained in Columbia for the week-end.

GUILFORD HAS A BIG DAY

CARL M. WRAY AND MISS PAULINE ANDERSON MARRIED.

All Merchants in Booster Day Spirits and Entertained Royally—Methodist Bazaar Made $200.

Guilford had their first booster stunt Thanksgiving day, and it was one of their biggest days. One of the main features of the day was the public wedding, that took place at 2:30 o'clock yesterday afternoon at the intersection of the two main streets of that town.

The contracting parties were Carl McKinley Wray, son of Mr. and Mrs. Will N. Wray of Guilford, and Miss Marie Pauline Anderson, daughter of Mr. and Mrs. Peter Anderson of near Whitesville. The marriage was performed by Rev. O. E. Lockhart, pastor of the Guilford M. E. church, South. A big crowd witnessed the ceremony. The couple received various articles given by the merchants of that town, and the banks paid the license and the parson's fee.

The ladies of the M. E. church, South, had their bazaar that day, and also served a turkey dinner and supper in the evening. They had ten roasted turkeys and one chicken, but it did not last long, there not being enough for the cooks and waiters. In the evening oysters were served.

In the evening at the church an auction of the many articles at the bazaar was had, with Carl Wray as auctioneer. Mr. Wray made such a good auctioneer that he was given a fine cake for his services. The bazaar and dinner and supper took in over $200.

During the day the Brown Show company, which is showing at Guilford this week, entertained many. This was the first booster stunt put on by the Community club of that town, and it was such a big success that they are planning on having another one before Christmas.

TWO "VAGS" ROBBED HOUSE

Ed Archer's Home, Near Guilford, Broken Into and Jewelry Taken by "Wanderers."

W. J. Van Gemmert, giving his home as Wisconsin, and G. L. Vance, giving his as Louisiana, were arrested last night at Guilford, charged with breaking into and taking a few articles from the Ed Archer home, near that town.

They were brought to Maryville this morning by Deputy Sheriff Gabe Purcell and Tom Archer. Their preliminary hearing has not been set.

The Archer home was broken into while Mr. Archer and his family were taking dinner at the home of Mrs. Archer's mother, Mrs. Villing, in Conception.

When they returned home they missed a gold watch, locket, stick pin and a child's bank having $5 in it. They telephoned to Constable Arch Davis at Guilford and Davis discovered that they had been in Fred Henderson's barber and had exhibited a gold watch there. He found them at the depot and arrested them.

A. D. Saunders left last night for Windsor, where he will transact business.

ROBERT TODD, 77, IS DEAD

End Comes to Well Known Resident of Southeast Nodaway—Another of Old Veterans Gone On Over.

Robert Todd, 77 years old, a well known resident of the southeast part of the county, died at 7 o'clock Thursday evening at the family home in Guilford, after a several month's illness of blood poisoning.

Funeral services will be held at the South Methodist church of Guilford, o fwhich Mr. Tood was a member, at 2 o'clock Saturday afternoon.

Mr. Todd was born in Dearborn county, Indiana, April 18, 1838, and was reared and educated in Indiana. He remained there until 1862, when he enlisted in Company K, Sixty-eighth Regiment, Indiana Volunteer Infantry and was assigned to the Army of the Cumberland, under the command of Colonel King, and later Colonel Espa. Mr. Todd saw some hard service, and was captured at Munfordville, Kentucky, but after three days was paroled and returned home. In December he was exchanged and joined the command at Murfreesboro, continuing in that command until the close of the war. He was at Chattanooga when Lee surrendered, after which the regiment went to Indianapolis, where the members were honorably discharged and received their pay.

Mr. Todd then returned home and resumed his farming. In 1870 he moved to Missouri, where he bought one hundred and sixty acres of land two and one-half miles southwest of Guilford, and has since added eighty acres more. He has been a very successful farmer, and is one of the best business men in the county. Three years ago he moved to Guilford, where he had since lived.

Surviving him are his wife and a son, John E. Todd, of Guilford. Another son, Francis N. Todd, died four years ago after a few hours illness.

Out of town relatives in Guilford for the funeral services tomorrow are Mrs. Eliza Walton of Harveyville, Kan., a sister of Mrs. Todd, and Mr. and Mrs. T. D. Parr of Hamilton.

WOMEN ARE INVITED

MUCH INTEREST IN BROTHERHOOD MEETING TONIGHT.

WILL OCCUPY GALLERY

Proposal to Have Committee From Five Brotherhoods Direct Campaign Will Probably Be Made.

Women and young people interested in the fight against the saloon which will be discussed at the Christian church by the men's brotherhoods tonight are invited to occupy the gallery. Much interest is being shown in the meeting, which is practically the first gun in the campaign against the two Maryville saloons

A full and crowded church is expected by Ellis G. Cook, head of the program committee of the Christian church brotherhood, who have invited all the other clubs to meet with them. After the program, which is given below, has been finished, a discussion of the plans for the fight will be made.

It is probable that it will be proposed tonight that the fight be carried on by an executive committee composed of two or three men in a committee from each brotherhood. Feeling is strong in Maryville that an outsider shall not have the direction of the campaign.

H. S. AFFAIRS OFF

ENTERTAINMENTS POSTPONED UNTIL AFTER CHRISTMAS.

GIRLS' SOCIETY ACTIVE

Boys for First Basket Ball Squad Picked—Special Assembly Programs at High School.

The Girls' Chorus club of the high school will give their annual entertainment shortly after the Christmas holidays. It was to have been given the evening of December 21, but it was thought best to postpone it until after the holidays. The exact date has not been decided on yet.

This entertainment will consist of two parts, lasting between an hour and a half and two hours. The first part will be taken up with costume songs, while a short operetta, "The College Girl and the Milk Maid," will be the main thing in the second part.

Forty-four girls will take part in this entertainment, the proceeds of which will go to further payment on the piano bought by the two glee clubs last year. Doris Sayler is president of the chorus club, and Edith Holt is the manager. Miss Mary Rooker is director.

The senate is beginning to get down to real business now. Besides their regular routine of work the senators hold a trial once in a while, generally of one of the members. The first trial was held last Thursday, when Henry Sawyers was accused of stealing apples and giving them to the girls. Laura Curfman was the main witness.

The attorneys for the defense were Ross McReynolds and Leland Leffler and James Halasey and Ernest Daniels were the prosecution. The part of judge was held down by William Van Cleve. The defendant admitted stealing the apples, but denied that they were the ones given to the young ladies. He also held that this did not happen at the time which he was charged. The brilliant young lawyers, however, had him in the hole most of the time, and he was continually contradicting himself.

All the members of the jury were not present and the case was not settled, but will be continued probably at the next term of court. He may be tried before the school in assembly some day. The officers of the senate are: President, Ernest Daniels; vice president, Euel Ramsey; secretary, Leland Leffler; sergeant-at-arms, James Halasey.

Aristonian, Girls' Society.

The Aristonian society for girls meets every other Tuesday under the direction of Miss Alicia Keeler and Miss Virginia Robertson. Their colors are silver and old rose and their motto "The Elevator to Success is Not Running; Take the Stairs."

Forty girls are in the society. The officers are: Edith Holt, president; Marie Landfather, vice president; Alma Mahoney, secretary; Alma Lucas, sergeant-at-arms; Vera Hughes, critic; Rosanna Stark, chairman program committee.

They gave the following program Tuesday: Dialogue, Lois Wiley and Alma Mahoney; readings, Ula Strader and Mabel Pixler; farce, Alma Lucas and Edith Holt. The last two gave another farce, "Popping the Question," in a special assembly program put on by the advanced seniors Wednesday evening.

Other numbers of the program by the seniors were: Reading, Ula Strader, quartet, Mattie Clayton, Mamie Loy, Phillip Colbert and Howard Snodgrass. Mary Wooldridge gave two piano solos at the regular assembly Tuesday and Brownie Helpley sang two selections.

Basket Ball Players Chosen.

The high school boys who will compose the first squad in training for basket ball were announced this morning by Prof. Paul Becker, supervisor of athletics at the Maryville high school. The members of the squad, which is subject to change at any time, are: B. E. Condon, Goff Crawford, Loren Egley, Ellison Frank, George Flemming, Berney Harris, Jr., Harley Hughes, Donald Hagin, Eugene Martin, Merril Nixon, Merl Seleeman, Harry Tilson, Kenneth Van Cleve and Eugene Yehle.

The high school basket ball schedule will be arranged after the Normal school schedule is made. The matched games will be played in the Normal gymnasium.

Girls in Gym Class.

Thirty-five girls are in a gym class under Misses Wright and Keeler, with Miss Dora Carpenter as pianist. Drills, exercises, folk games and esthetic dances, are given. The girls are in a campfire organization which meets each Tuesday at the various homes with Miss Hawkins.

The Boys' Athletic association have postponed their minstrel until the last part of January or the first part of February.

Tokio, Nov. 26.—Ambassadors of the allies presented to the Japanese government today a complete explanation of their plans to include China in the entente.

Their action tended to lessen the antagonistic attitude that has developed in Tokio official circles.

The envoys made plain their sole purpose was to restrict German activities in China, but the Japanese cabinet seeks to devise other methods of attaining the same end without admitting China to the coalition.

BUT FOOTBALLERS AND HOBOES FROM HERE WERE HAPPY.

ROOTERS GO IN BOX CAR

Team Showed Class in Second Half, But 21 Points Were Run Up in Opening of Game.

Well, Stanberry did the surprising in the first half of that football game yesterday but the pick-up team from Maryville surprised everyone in the second half by holding the Stanberry High School team scoreless after having let them pile up 21 points.

The local players had never played together and had practically no teamwork or signals. Two of the players had never even seen a football game. The Stanberry line was heavier and the back field showed better interference.

The Maryville line-up was: ends, Ellison Frank, Loren Egley and Ed. Goodspeed; tackles, Chauney Saville and Tom Ernst; guards, Harry Clayton and Perry Culver; center, Bert Woodard; quarter, Fred Lewis; halfs, Egley-Goodspeed and Harold Maulding; full back, Richard Collins; subs, Goff Crawford and Martin Lewis, Jr.

Prof. H. P. Swinehart was unable to go as referee and his place was taken by McCaslin. About twenty young men of the town and students in the Normal who were not able to go home for Thanksgiving, decided to see that game a la the "Quo Vadis" club. One of the literary hoboes has the following to say about the trip:

The Stanberry Society for the propogation, advancement and amalgamation of cheap transportation maintains that donations to such charitable institutions as the Wabash on turkey day are neither patriotic, philanthropic nor elevating.

HOME TRADE AND COMMUNITY PROGRESS.

Do people who buy goods away from home stop to think how retail trade lies at the foundation of our own prosperity?

A very large share of the taxes of any community is paid by the retail merchants or their employes. Many of the employes may pay no direct taxes, but they rent houses on which taxes must be paid. If the home stores didn't employ these people, the houses would stand empty, or more likely would never have been built.

If every one would make it a point to buy goods whenever possible in the home town, our merchants would increase their business and pay more taxes. This would make possible more public improvements, a lower tax rate, or both.

If we all got the "buy away from home" fever, some of our merchants would have to quit, while others would have to reduce their stocks, and turn off part of their help. Many houses would be vacant. Taxable property would fall off, and strict municipal economy would be necessary. It would hurt public service supported out of taxes.

When you send money out of town, you help pay taxes and secure public improvements somewhere else. Better keep it at home to get our own public improvements with. Sending money away is killing the goose that lays the golden egg. While we are reaching out for pennies we think we are saving, we are subtracting the dollars that build up home prosperity, and on which our public well being depends.

The success of retail trade is essential to the town's advancement in all lines of progress. If the merchants and their employes are doing well, they contribute freely to churches, lodges, charities, and all our philanthropies. Taking money away from the home trade currents is taking it away from all these interests, so vital to the advancement of the town.

YOU'RE BILIOUS! LET "CASCARETS" LIVEN LIVER AND BOWELS

Don't Stay Headachy, Constipated, Sick, With Breath Bad and Stomach Sour.

Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

FEEDS PIGS WITH SNAKES.

Gives Pork a Better Flavor—Wondering if Reptiles Are Cause.

Elizabeth, N. J.—Elmer Reichard, a farmer, who lives near Galloping hill, has discovered that feeding pigs on snakes imparts a delicious flavor to the pork. Reichard's farm is in the wooded region between Roselle and Elizabeth and is infested with snakes. Reichard determined to eliminate them. As a preliminary step he bought several specimens of a breed of small black pigs. These he turned loose in the woods.

Reichard received a surprise a few days ago in the form of a letter from a New York restaurant, which, after several weeks, had succeeded in tracing to Reichard a shipment of pork which had caused much favorable comment by patrons. It appeared that the pork had gained a peculiarly rich, gamy flavor, and the restaurant proprietor contracted with Reichard for all the pork he could raise.

The growing scarcity of snakes has forced Reichard to search for substitutes. He is hopeful that he may be able to prove that the peculiar taste of the meat does not come from the snakes, but from various roots which he has observed the pigs eating.

HE'S THE BAREFOOT MAN.

Haigler Has Been Unshod For Thirty-five Years—No Pains at Seventy-five.

Carlton, Okla.—For thirty-five years J. M. Haigler of Carlton has gone unshod the year round, and now at seventy-five he is devoid of aches or pains of any sort. He is a man of extraordinary physique, standing six feet tall and weighing 325 pounds, and is as prankish as a boy of seventeen.

"I don't remember ever being ill," he says, "and I have always eaten with the relish of a hungry man what has been set before me. I have lived outdoors as much as possible and have always been active, both mentally and physically. Maybe that has helped to keep me young."

There is nothing eccentric about Haigler. He is the father of five sons, all husky men, owners of large herds of cattle and horses and thousands of acres of land.

BOY, FIVE, CROSSES CONTINENT ALONE

Tagged, He Travels Only In Care of Trainmen.

Hartford, Conn.—After a four day trip of 3,000 miles from Los Angeles to this city, traveling alone in the care of conductors and porters, five-year-old Elmer Gardiner, Jr., arrived here recently and has been busy holding receptions and telling his story at the home of his grandmother, Mrs. Henry Ammann.

The boy's father left his home in Los Angeles early in the summer to investigate a new venture in the east, planning to send for his wife and son later should he decide to live permanently in Connecticut. In his absence his wife died, leaving the little boy alone. The boy's father telegraphed $150 to a Los Angeles lawyer, intending that this should be used for Elmer's maintenance until it should be decided whether or not the boy should come east to live with his grandmother.

The lawyer, noting that $150 would be largely spent for the railroad fares between Los Angeles and Hartford, informed the surrogate he had received money with which to send the boy to Hartford, and the court signed the necessary papers.

The first intimation the father and grandmother had of this turn of affairs was when newspapers told of the boy's departure on his trip. This news was confirmed the next day by a telegram.

It was impossible to follow the train movements, and the next heard from Elmer was that he had arrived at Springfield, Mass., and was placed aboard the next train for Hartford. He jumped into his father's eager arms and immediately began a recital about the wonderful sights he saw coming across the country. A tag was fastened in the buttonhole of his overcoat, reading:

"Deliver me to my grandmother, Mrs. Henry Ammann, 46 Lenox street, Hartford, Conn."

FINDS VIPER IN CUPBOARD.

Farmer's Wife Scared by Reptile Coiled on Plates.

Bedford, Ind. — When Mrs. Ollie Marks, wife of a farmer near here, was setting supper a few evenings ago she reached into the china cupboard for a plate. She was almost "scared out of her boots," she said afterward, to find a spreading viper coiled on a pile of dishes.

As she did not wish snake for supper, she screamed until her husband came and killed the reptile. The snake was three feet six inches long.

Canary Bird In Jail.

Bellefontaine, O.—A gymnasium has been provided in the Logan county jail for the pleasure of the prisoners. Sheriff George Smith, feeling that the men needed some other form of recreation than reading, has put in the equipment at his own expense. Mrs. Smith, the sheriff's wife, has placed two canary birds in the jail to help divert the minds of the prisoners.

ST. LOUIS M. E. MEN MERGE

Ministerial Alliance of North and South Branches Will Meet as One in Border City Hereafter.

St. Louis, Nov. 24.—The St. Louis ministerial associations of the Methodist Episcopal church and of the Methodist Episcopal church, South, merged here yesterday, and henceforth the forward work of the two churches in St. Louis will be conducted as though by one organization. Sixty congregations were represented at the meeting.

The merger was deemed of prime importance in Methodist circles, and Rev. James W. Lee, presiding elder of the Methodist Episcopal church, South, said it was hoped that it would presage similar mergers in other border cities, such as Kansas City, Baltimore, Washington and Louisville. St. Louis is the largest city where both branches of Methodism exist.

A plan for the merger of the two branches of Methodism will come before the Methodist Episcopal general conference which will meet next May. Definite action looking to the union of the two churches throughout the world then is expected.

PICKERING PEOPLE PROUD.

New Lights Make Residents Rather "Chesty."

Clarence Leach, a prominent citizen of Pickering, was in Hopkins on business last Monday and called at this office. He thinks Pickering is about the best and liveliest little town in the state and we guess he has license to feel this way, especially since that town has lights, the Maryville Electric Light company turning on the juice the first of the week.

An electric iron was given by the company free to the occupants of every residence that was wired when the juice was ready, and Mr. Leach says practically every one of the 100 residences were wired and ready for the iron when the company said "Ready."—Hopkins Journal.

The rabbit, after being dressed, weighed eight and a half pounds, being a monster. When Bruce first saw it in the field he thought it was a young calf.—Hopkins Journal.

More Room for Elmo School.

The board of education of the Elmo school district are considering the proposition of submitting to the voters to issue bonds to pay for an addition to the present school house. The addition would likely consist of a two-story building with basement and contain two rooms with a good wide hall above and below. The crowded condition of the school, and especially the high school room, would, in the opinion of the board, justify it.—Elmo Register.

It *is* the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

KC BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done.

K C Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.

Hardy Scot Receives Instructions and Then Shows Him How to Do It.

Burlingame, Cal.—Daniel McClane, a hardy Scotchman, who was married at the age of fifty-nine years and has eleven children and several grandchildren, celebrated his centennial here recently by learning to drive an automobile.

With a hundred years behind him, but still hale and hearty, the old man attracted much attention as he scorched through the streets of the town at the wheel of a motorcar belonging to his daughter, Mrs. D. T. Ambrose.

McClane came to California during the gold rush and has been a resident of Lassen county for many years. He came here for the celebration of his one hundredth birthday.

"HOW DRY I AM!"

With Piano It Makes Trouble For Scotty In "Dry Town."

Des Moines, Ia.—When A. H. Day, chief of the "booze hunting brigade," accompanied by Night Captain Weaver and two officers, visited the home of Scotty McClure in search for liquor, for a time he imagined that he had been misinformed. All searched high and low, but found no booze.

Scotty insisted that he was a law abiding citizen. The raiders were about to leave when some one thought of the piano.

"Has the instrument been tuned lately, Scotty?" inquired one of the officers.

"Why—er—yes. Oh, yes, it's all right. Plays fine," Scotty replied.

"D'ye ever play 'How Dry I Am' on it?" inquired Weaver, as he pressed his foot against the pedals.

Before Scotty replied a panel beneath the keyboard was pushed open, revealing twenty-one pints of whisky.

GIVES HIS WANT AD. BRIDE $300,000 CASH

Aged Man Wins Georgia Wife, Twenty-eight, by That Course

Atlanta, Ga.—William H. Burden of New York, who was married here recently to Miss Lulu Douglas Thomson, won his bride by means of a want advertisement.

Mr. Burden is seventy-six years old. He has been a widower for several years and has adult grandchildren. The bride is twenty-eight years old. It is generally reported that Mr. Burden settled $300,000 on her just before the wedding ceremony.

The bride is a niece of the late W. S. Thomson of Atlanta and of Mrs. Leonidas F. Scott of Decatur, with whom she has made her home since childhood. She got a substantial estate after her parents died, but most of this was spent on her art studies in Philadelphia, and she recently began to consider earning a livelihood by her own efforts.

A girl friend in Georgia ran across an advertisement which appeared to ask for a companion. The friend answered it, but after a letter or two was told that she "did not suit."

"You try it, Lulu," the friend suggested. So Miss Thomson wrote to the advertiser, received a paper with questions to be answered, filled them out and returned the paper. Apparently she "did suit," for the next mail brought a letter from Mr. Burden, who had been the anonymous advertiser.

Mr. Burden came to Atlanta and pushed his suit so successfully that he won Miss Thomson. The marriage, however, was opposed by Mr. Burden's children and grandchildren, who live in Macon, Ga., from which city Burden went to New York several years ago.

The first news of Mr. Burden's intended marriage which reached the ears of his relatives in Macon, a friend of the family said, was that the aged man went to his bank in New York and drew out $300,000 in cash, tucked it into a gripsack and left for Atlanta.

Mr. Burden's children came to Atlanta from Macon and tried to stop the marriage, even begging Miss Thomson not to wed the aged man. Both Mr. Burden and Miss Thomson, however, insisted that their marriage concerned only themselves. After the ceremony the couple left for New York, where they will live.

PLAN HOLIDAY FOR APRIL 30.

Would Commemorate Inauguration of Washington as President.

New York.—One of the last things done by the late constitutional convention was the approval of a number of recommendations for the enactment of measures by the legislature, and one of the things approved was the suggestion that April 30 be made a legal holiday in commemoration of the inauguration of George Washington as first president of the United States on April 30, 1789.

Delegate Peter Donovan, one of the members representing the Twenty-first senate district in the Bronx, submitted the proposition, doing so on the basis of a letter written him by George J. Clark, a journalist, who urged that just as July 4 was the holiday of American independence and Decoration day was the anniversary of the saving of the Union, so April 30 should be commemorative of national unity.

When the state legislature meets in January one of the two Bronx senators, either Senator James A. Hamilton or Senator John J. Dunnigan, in the upper house and Assemblyman Fertig in the lower, will introduce the necessary bills.

BRAIN SURGERY CURES TWELVE

Exhibition Shows Wonders of Modern Operations.

PARALYTIC BOY ATHLETE.

Lad Goes Through Feats to Delight of New York Doctors—Some of the Victims Resorted to Use of Faculties When Cysts Were Removed From the Brain—Symptoms Puzzled.

New York.—A dozen children were exhibited recently as wonders of modern brain surgery at the Academy of Medicine at a joint session with the New York Neurological society.

The heads of most of them had been cut open, some on one side only, some on both sides, by Dr. William Sharpe and his assistants at Polyclinic hospital.

The children, who ranged in age from two to twelve years, had suffered from spasmodic paralysis, due to hemorrhage inside the skull. In many cases they had been seized with convulsions soon after birth. In a number of instances the paralysis was not much noticeable until eight months or so after birth.

In cutting into the heads of a large proportion of the cases the surgeon found cysts, which had to be removed. Sometimes the symptoms had been puzzling, and in every case where a hemorrhage was suspected as the cause of the symptoms the eye signs were investigated, and an examination was made of the spinal fluid to corroborate the diagnosis.

Little ones who before the knife explored their skulls were incapable of speech or even of locomotion or movements of the arms were able to talk and laugh and run backward and forward and hold their arms up above their heads like normal children.

One of the children, a boy, who before the operation couldn't walk or talk intelligibly, now goes seven blocks to school twice a day.

One little child that formerly was always huddled up, with its head bent down almost to its feet, trotted proudly before the surgeons, some of whom stood on chairs in order to get a better view.

In none of the cases shown at the meeting had there been any convulsions or backward symptoms since the use of the knife. Out of over 170 operations, according to the Polyclinic professor, there were only twelve deaths, and there were special reasons to account for them, including extreme emaciation in a number of instances when the skull was cut open.

One of the children was a boy of twelve, who, from being a helpless paralytic, had been taught by Dr. Bess M. Mensendieck to use one muscle after another until he has finally got almost as much control over himself as a professional athlete. The process of teaching him went on daily for more than six months.

The boy was stripped, and then on a mat he went through practically all the contortions of a wrestler, bending his body backward, forward, sideways, twisting his trunk, raising his arms, flexing his legs and rising from the mat by the use only of his leg muscles.

Dr. Alfred S. Taylor showed two young men who had been restored to health by opening their backs and removing spinal cord tumors.

Dr. C. Burns Craig, who served with the American ambulance service in Paris, told of the injuries to the peripheral nerves produced by modern warfare.

Few soldiers survive bayonet wounds, added Dr. Craig. They die either from shock or loss of blood.

THIS CLOCK STILL TICKS.

Wheels Are Made of Wood, and It Is a General Guide.

Asheville, N. C.—Charles Bolick of this city is the possessor of an old clock, still running, although its wheels are made of wood, and its history can be traced back for over forty years. Besides giving the time, the clock has pasted in the back some statistics.

From this clock it is learned that in the year 1812 the postage rate for a single letter for a distance not exceeding 30 miles was 6 cents; over 30 miles and not exceeding 80, 10 cents; over 80 miles and not exceeding 150 miles, 12½ cents, and for a distance of 400 miles, 25 cents.

North Carolina in 1812 contained 638,820 people and the United States 9,625,730. Judging from this record in the back of the clock it must be at least 100 years old.

Thirteen Popular In This Family.

South Bend, Ind.—The thirteenth baby of Mr. and Mrs. Clyde Kyle of Mishawaka arrived at the Kyle home recently. The child is a daughter and is the third one of the children to be born on the thirteenth day of the month. Mr. and Mrs. Kyle were married on the 13th of the month.

Potato on Tomato Vine.

Marysville, Pa.—George Zellers of this place has in his garden a plant bearing both tomatoes and potatoes. Last spring he grafted a tomato plant on to a potato stalk. Several fully developed tomatoes grew on the upper part and several large potatoes on the roots.

Washington, Nov. 26.—The desire of the women of America to aid in restoring peace in Europe found open expression here today.

It is designed to have President Wilson to lead the movement and to secure compromise before war goes into another winter campaign.

TWENTY CENTS A MINUTE

Missouri-Kansas Game Spoiled by Heavy Rain Which Drove Crowd Away After 10 Minutes.

Twenty cents a minute is sure expensive entertainment but that is what most of the Maryville people paid who went to Columbia yesterday for the Missouri-Kansas football game.

The seats cost $2.00. And a rain which was almost a cloudburst drove two-thirds of the crowd of more than 10,000 people from the field in less than fifteen minutes after the beginning of play. A good morning game was seen by about 5,000 when Westminster beat Central 20-13. Kansas was lucky enough to have the long end of an 8-6 score in their "mud fight."

Twenty people from Maryville just filled the "lowers" in the special Pullman which was run Wednesday night to the game. About half of them came back in the car last night, while the others remained in Columbia for the week-end.

GUILFORD HAS A BIG DAY

CARL M. WRAY AND MISS PAULINE ANDERSON MARRIED.

All Merchants in Booster Day Spirits and Entertained Royally—Methodist Bazaar Made $200.

Guilford had their first booster stunt Thanksgiving day, and it was one of their biggest days. One of the main features of the day was the public wedding, that took place at 2:30 o'clock yesterday afternoon at the intersection of the two main streets of that town.

The contracting parties were Carl McKinley Wray, son of Mr. and Mrs. Will N. Wray of Guilford, and Miss Marie Pauline Anderson, daughter of Mr. and Mrs. Peter Anderson of near Whitesville. The marriage was performed by Rev. O. E. Lockhart, pastor of the Guilford M. E. church, South. A big crowd witnessed the ceremony. The couple received various articles given by the merchants of that town, and the banks paid the license and the parson's fee.

The ladies of the M. E. church, South, had their bazaar that day, and also served a turkey dinner and supper in the evening. They had ten roasted turkeys and one chicken, but it did not last long, there not being enough for the cooks and waiters. In the evening oysters were served.

In the evening at the church an auction of the many articles at the bazaar was had, with Carl Wray as auctioneer. Mr. Wray made such a good auctioneer that he was given a fine cake for his services. The bazaar and dinner and supper took in over $200.

During the day the Brown Show company, which is showing at Guilford this week, entertained many. This was the first booster stunt put on by the Community club of that town, and it was such a big success that they are planning on having another one before Christmas.

TWO "VAGS" ROBBED HOUSE

Ed Archer's Home, Near Guilford, Broken Into and Jewelry Taken by "Wanderers."

W. J. Van Gemmert, giving his home as Wisconsin, and G. L. Vance, giving his as Louisiana, were arrested last night at Guilford, charged with breaking into and taking a few articles from the Ed Archer home, near that town.

They were brought to Maryville this morning by Deputy Sheriff Gabe Purcell and Tom Archer. Their preliminary hearing has not been set.

The Archer home was broken into while Mr. Archer and his family were taking dinner at the home of Mrs. Archer's mother, Mrs. Villing, in Conception.

When they returned home they missed a gold watch, locket, stick pin and a child's bank having $5 in it. They telephoned to Constable Arch Davis at Guilford and Davis discovered that they had been in Fred Henderson's barber and had exhibited a gold watch there. He found them at the depot and arrested them.

A. D. Saunders left last night for Windsor, where he will transact business.

Mr. Gross also had an exhibit at the Savannah Poultry Show being held this week.

ROBERT TODD, 77, IS DEAD

End Comes to Well Known Resident of Southeast Nodaway—Another of Old Veterans Gone On Over.

Robert Todd, 77 years old, a well known resident of the southeast part of the county, died at 7 o'clock Thursday evening at the family home in Guilford, after a several month's illness of blood poisoning.

Funeral services will be held at the South Methodist church of Guilford, o fwhich Mr. Tood was a member, at 2 o'clock Saturday afternoon.

Mr. Todd was born in Dearborn county, Indiana, April 18, 1838, and was reared and educated in Indiana. He remained there until 1862, when he enlisted in Company K, Sixty-eighth Regiment, Indiana Volunteer Infantry and was assigned to the Army of the Cumberland, under the command of Colonel King, and later Colonel Espa. Mr. Todd saw some hard service, and was captured at Munfordville, Kentucky, but after three days was paroled and returned home. In December he was exchanged and joined the command at Murfreesboro, continuing in that command until the close of the war. He was at Chattanooga when Lee surrendered, after which the regiment went to Indianapolis, where the members were honorably discharged and received their pay.

Mr. Todd then returned home and resumed his farming. In 1870 he moved to Missouri, where he bought one hundred and sixty acres of land two and one-half miles southwest of Guilford, and has since added eighty acres more. He has been a very successful farmer, and is one of the best business men in the county. Three years ago he moved to Guilford, where he had since lived.

Surviving him are his wife and a son, John E. Todd, of Guilford. Another son, Francis N. Todd, died four years ago after a few hours illness.

Out of town relatives in Guilford for the funeral services tomorrow are Mrs. Eliza Walton of Harveyville, Kan., a sister of Mrs. Todd, and Mr. and Mrs. T. D. Parr of Hamilton.

WOMEN ARE INVITED

MUCH INTEREST IN BROTHERHOOD MEETING TONIGHT.

WILL OCCUPY GALLERY

Proposal to Have Committee From Five Brotherhoods Direct Campaign Will Probably Be Made.

Women and young people interested in the fight against the saloon which will be discussed at the Christian church by the men's brotherhoods tonight are invited to occupy the gallery. Much interest is being shown in the meeting, which is practically the first gun in the campaign against the two Maryville saloons

A full and crowded church is expected by Ellis G. Cook, head of the program committee of the Christian church brotherhood, who have invited all the other clubs to meet with them. After the program, which is given below, has been finished, a discussion of the plans for the fight will be made.

It is probable that it will be proposed tonight that the fight be carried on by an executive committee composed of two or three men in a committee from each brotherhood. Feeling is strong in Maryville that an outsider shall not have the direction of the campaign.

H. S. AFFAIRS OFF

ENTERTAINMENTS POSTPONED UNTIL AFTER CHRISTMAS.

GIRLS' SOCIETY ACTIVE

Boys for First Basket Ball Squad Picked—Special Assembly Programs at High School.

The Giris' Chorus club of the high school will give their annual entertainment shortly after the Christmas holidays. It was to have been given the evening of December 21, but it was thought best to postpone it until after the holidays. The exact date has not been decided on yet.

This entertainment will consist of two parts, lasting between an hour and a half and two hours. The first part will be taken up with costume songs, while a short operetta, "The College Girl and the Milk Maid," will be the main thing in the second part.

Forty-four girls will take part in this entertainment, the proceeds of which will go to further payment on the piano bought by the two glee clubs last year. Doris Sayler is president of the chorus club, and Edith Holt is the manager. Miss Mary Rooker is director.

The senate is beginning to get down to real business now. Besides their regular routine of work the senators hold a trial once in a while, generally of one of the members. The first trial was held last Thursday, when Henry Sawyers was accused of stealing apples and giving them to the girls. Laura Curfman was the main witness.

The attorneys for the defense were Ross McReynolds and Leland Leffler and James Halasey and Ernest Daniels were the prosecution. The part of judge was held down by William Van Cleve. The defendant admitted stealing the apples, but denied that they were the ones given to the young ladies. He also held that this did not happen at the time which he was charged. The brilliant young lawyers, however, had him in the hole most of the time, and he was continually contradicting himself.

All the members of the jury were not present and the case was not settled, but will be continued probably at the next term of court. He may be tried before the school in assembly some day. The officers of the senate are: President, Ernest Daniels; vice president, Euel Ramsey; secretary, Leland Leffler; sergeant-at-arms, James Halasey.

Aristonian, Girls' Society.

The Aristonian society for girls meets every other Tuesday under the direction of Miss Alicia Keeler and Miss Virginia Robertson. Their colors are silver and old rose and their motto "The Elevator to Success is Not Running; Take the Stairs."

Forty girls are in the society. The officers are: Edith Holt, president; Marie Landfather, vice president; Alma Mahoney, secretary; Alma Lucas, sergeant-at-arms; Vera Hughes, critic; Rosanna Stark, chairman program committee.

They gave the following program Tuesday: Dialogue, Lois Wiley and Alma Mahoney; readings, Ula Strader and Mabel Pixler; farce, Alma Lucas and Edith Holt. The last two gave another farce, "Popping the Question," in a special assembly program put on by the advanced seniors Wednesday evening.

Other numbers of the program by the seniors were: Reading, Ula Strader, quartet, Mattie Clayton, Mamie Loy, Phillip Colbert and Howard Snodgrass. Mary Wooldridge gave two piano solos at the regular assembly Tuesday and Brownie Helpley sang two selections.

Basket Ball Players Chosen.

The high school boys who will compose the first squad in training for basket ball were announced this morning by Prof. Paul Becker, supervisor of athletics at the Maryville high school. The members of the squad, which is subject to change at any time, are: B. E. Condon, Goff Crawford, Loren Egley, Ellison Frank, George Flemming, Berney Harris, Jr., Harley Hughes, Donald Hagin, Eugene Martin, Merril Nixon, Merl Seleeman, Harry Tilson, Kenneth Van Cleve and Eugene Yehle.

The high school basket ball schedule will be arranged after the Normal school schedule is made. The matched games will be played in the Normal gymnasium.

Girls in Gym Class.

Thirty-five girls are in a gym class under Misses Wright and Keeler, with Miss Dora Carpenter as pianist. Drills, exercises, folk games and esthetic dances, are given. The girls are in a campfire organization which meets each Tuesday at the various homes with Miss Hawkins.

The Boys' Athletic association have postponed their minstrel until the last part of January or the first part of February.

REASONS FOR DESIRE TO INCLUDE CHINA IN ENTENTE.

Japan, Too, Wants to Stop German Atrocities in China, But Doesn't Like Idea of Coalition.

Special to The Democrat-Forum.

Tokio, Nov. 26.—Ambassadors of the allies presented to the Japanese government today a complete explanation of their plans to include China in the entente.

Their action tended to lessen the antagonistic attitude that has developed in Tokio official circles.

The envoys made plain their sole purpose was to restrict German activities in China, but the Japanese cabinet seeks to devise other methods of attaining the same end without admitting China to the coalition.

STANBERRY, BY 21-0

BUT FOOTBALLERS AND HOBOES FROM HERE WERE HAPPY.

ROOTERS GO IN BOX CAR

Team Showed Class in Second Half, But 21 Points Were Run Up in Opening of Game.

Well, Stanberry did the surprising in the first half of that football game yesterday but the pick-up team from Maryville surprised everyone in the second half by holding the Stanberry High School team scoreless after having let them pile up 21 points.

The local players had never played together and had practically no teamwork or signals. Two of the players had never even seen a football game. The Stanberry line was heavier and the back field showed better interference.

The Maryville line-up was: ends, Ellison Frank, Loren Egley and Ed. Goodspeed; tackles, Chauney Saville and Tom Ernst; guards, Harry Clayton and Perry Culver; center, Bert Woodard; quarter, Fred Lewis; halfs, Egley Goodspeed and Harold Maulding; full back, Richard Collins; subs, Goff Crawford and Martin Lewis, Jr.

Prof. H. P. Swinehart was unable to go as referee and his place was taken by McCaslin. About twenty young men of the town and students in the Normal who were not able to go home for Thanksgiving, decided to see that game a la the "Quo Vadis" club. One of the literary hoboes has the following to say about the trip:

The Stanberry Society for the propogation, advancement and amalgamation of cheap transportation maintains that donations to such charitable institutions as the Wabash on turkey day are neither patriotic, philanthropic nor elevating.

HOME TRADE AND COMMUNITY PROGRESS.

Do people who buy goods away from home stop to think how retail trade lies at the foundation of our own prosperity?

A very large share of the taxes of any community is paid by the retail merchants or their employes. Many of the employes may pay no direct taxes, but they rent houses on which taxes must be paid. If the home stores didn't employ these people, the houses would stand empty, or more likely would never have been built.

If every one would make it a point to buy goods whenever possible in the home town, our merchants would increase their business and pay more taxes. This would make possible more public improvements, a lower tax rate, or both.

If we all got the "buy away from home" fever, some of our merchants would have to quit, while others would have to reduce their stocks, and turn off part of their help. Many houses would be vacant. Taxable property would fall off, and strict municipal economy would be necessary. It would hurt public service supported out of taxes.

When you send money out of town, you help pay taxes and secure public improvements somewhere else. Better keep it at home to get our own public improvements with. Sending money away is killing the goose that lays the golden egg. While we are reaching out for pennies we think we are saving, we are subtracting the dollars that build up home prosperity, and on which our public well being depends.

The success of retail trade is essential to the town's advancement in all lines of progress. If the merchants and their employes are doing well, they contribute freely to churches, lodges, charities, and all our philanthropies. Taking money away from the home trade currents is taking it away from all these interests, so vital to the advancement of the town.

STANBERRY, BY 21-0

And when such actions are necessary the members of the society feel so degraded that they avoid the main streets of this city by following vacant lots, back allies and other places of darkness where can openers are weapons of defense.

The Maryville chapter for the promotion of cheap transportation of knowledge and more of it, feeling the wisdom of such feelings of disgrace, the acute sarcastic pessimism of their banking houses and the turkey-pig-skin twang in the air hied for the Maryville-Stanberry football game.

These Knights of Count De Baeux Caeur had by-laws which tabooed all systems of spendthrift, and punishment was provided for offenders.

A stock car of rooters was chartered, captured or climbed into and Duroc-Jersey pigskins went through signal practice from figures in addition to quadratic equations.

When the ball first stopped rolling after leaving Maryville the Knights of the Brakes sang from "Git out and git under to get off." And the disciples of Blackstone, Jane Addams, Rousseau and Pestalozzi answereth, "Na, not even so."

After promises of boquets ranging from dog-fennel to brick-bats the brakeman journeyed on his way rejoicing and lived happily ever afterward and the cinders blew thru his whiskers.

YOU'RE BILIOUS! LET "CASCARETS" LIVEN LIVER AND BOWELS

Don't Stay Headachy, Constipated, Sick, With Breath Bad and Stomach Sour.

Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

FEEDS PIGS WITH SNAKES.

Gives Pork a Better Flavor—Wondering if Reptiles Are Cause.

Elizabeth, N. J.—Elmer Reichard, a farmer, who lives near Galloping hill, has discovered that feeding pigs on snakes imparts a delicious flavor to the pork. Reichard's farm is in the wooded region between Roselle and Elizabeth and is infested with snakes. Reichard determined to eliminate them. As a preliminary step he bought several specimens of a breed of small black pigs. These he turned loose in the woods.

Reichard received a surprise a few days ago in the form of a letter from a New York restaurant, which, after several weeks, had succeeded in tracing to Reichard a shipment of pork which had caused much favorable comment by patrons. It appeared that the pork had gained a peculiarly rich, gamy flavor, and the restaurant proprietor contracted with Reichard for all the pork he could raise.

The growing scarcity of snakes has forced Reichard to search for substitutes. He is hopeful that he may be able to prove that the peculiar taste of the meat does not come from the snakes, but from various roots which he has observed the pigs eating.

HE'S THE BAREFOOT MAN.

Haigler Has Been Unshod For Thirty-five Years—No Pains at Seventy-five.

Carlton, Okla.—For thirty-five years J. M. Haigler of Carlton has gone unshod the year round, and now at seventy-five he is devoid of aches or pains of any sort. He is a man of extraordinary physique, standing six feet tall and weighing 325 pounds, and is as prankish as a boy of seventeen.

"I don't remember ever being ill," he says, "and I have always eaten with the relish of a hungry man what has been set before me. I have lived outdoors as much as possible and have always been active, both mentally and physically. Maybe that has helped to keep me young."

There is nothing eccentric about Haigler. He is the father of five sons, all husky men, owners of large herds of cattle and horses and thousands of acres of land.

BOY, FIVE, CROSSES CONTINENT ALONE

Tagged, He Travels Only In Care of Trainmen.

Hartford, Conn.—After a four day trip of 3,000 miles from Los Angeles to this city, traveling alone in the care of conductors and porters, five-year-old Elmer Gardiner, Jr., arrived here recently and has been busy holding receptions and telling his story at the home of his grandmother, Mrs. Henry Ammann.

The boy's father left his home in Los Angeles early in the summer to investigate a new venture in the east, planning to send for his wife and son later should he decide to live permanently in Connecticut. In his absence his wife died, leaving the little boy alone. The boy's father telegraphed $150 to a Los Angeles lawyer, intending that this should be used for Elmer's maintenance until it should be decided whether or not the boy should come east to live with his grandmother.

The lawyer, noting that $150 would be largely spent for the railroad fares between Los Angeles and Hartford, informed the surrogate he had received money with which to send the boy to Hartford, and the court signed the necessary papers.

The first intimation the father and grandmother had of this turn of affairs was when newspapers told of the boy's departure on his trip. This news was confirmed the next day by a telegram.

It was impossible to follow the train movements, and the next heard from Elmer was that he had arrived at Springfield, Mass., and was placed aboard the next train for Hartford. He jumped into his father's eager arms and immediately began a recital about the wonderful sights he saw coming across the country. A tag was fastened in the buttonhole of his overcoat, reading:

"Deliver me to my grandmother, Mrs. Henry Ammann, 46 Lenox street, Hartford, Conn."

FINDS VIPER IN CUPBOARD.

Farmer's Wife Scared by Reptile Coiled on Plates.

Bedford, Ind. — When Mrs. Ollie Marks, wife of a farmer near here, was setting supper a few evenings ago she reached into the china cupboard for a plate. She was almost "scared out of her boots," she said afterward, to find a spreading viper coiled on a pile of dishes.

As she did not wish snake for supper, she screamed until her husband came and killed the reptile. The snake was three feet six inches long.

Canary Bird In Jail.

Bellefontaine, O.—A gymnasium has been provided in the Logan county jail for the pleasure of the prisoners. Sheriff George Smith, feeling that the men needed some other form of recreation than reading, has put in the equipment at his own expense. Mrs. Smith, the sheriff's wife, has placed two canary birds in the jail to help divert the minds of the prisoners.

ST. LOUIS M. E. MEN MERGE

Ministerial Alliance of North and South Branches Will Meet as One in Border City Hereafter.

St. Louis, Nov. 24.—The St. Louis ministerial associations of the Methodist Episcopal church and of the Methodist Episcopal church, South, merged here yesterday, and henceforth the forward work of the two churches in St. Louis will be conducted as though by one organization. Sixty congregations were represented at the meeting.

The merger was deemed of prime importance in Methodist circles, and Rev. James W. Lee, presiding elder of the Methodist Episcopal church, South, said it was hoped that it would presage similar mergers in other border cities, such as Kansas City, Baltimore, Washington and Louisville. St. Louis is the largest city where both branches of Methodism exist.

A plan for the merger of the two branches of Methodism will come before the Methodist Episcopal general conference which will meet next May. Definite action looking to the union of the two churches throughout the world then is expected.

PICKERING PEOPLE PROUD.

New Lights Make Residents Rather "Chesty."

Clarence Leach, a prominent citizen of Pickering, was in Hopkins on business last Monday and called at this office. He thinks Pickering is about the best and liveliest little town in the state and we guess he has license to feel this way, especially since that town has lights, the Maryville Electric Light company turning on the juice the first of the week.

An electric iron was given by the company free to the occupants of every residence that was wired when the juice was ready, and Mr. Leach says practically every one of the 100 residences were wired and ready for the iron when the company said "Ready."—Hopkins Journal.

BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" Relieves Worst Cold or the Grippe in Few Hours—No Quinine Used.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

KILLED A KANSAS STRAY.

Bruce Cobb, Near Hopkins, Shot Big Jack Rabbit.

Bruce Cobb, east of town, killed a big jack rabbit in his corn field one day this week, the rabbit being almost white, with the exception of the ears, they being black. The rabbit, after being dressed, weighed eight and a half pounds, being a monster. When Bruce first saw it in the field he thought it was a young calf.—Hopkins Journal.

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

TO THE ASYLUM BOARD.

Governor Major Appoints Frank Crowley of Kearney to Vacancy On the Board.

Governor Major appointed Wednesday Frank Crowley of Kearney, Clay county, a member of the board of managers of the state hospital at St. Joseph, vice Smith A. Penney of St. Joseph. Crowley is cashier of the Kearney bank, at Kearney.

As yet no successor has been appointed to take the place of George B. Baker of this city, who resigned voluntarily when Governor Major called for the resignations of Smith A. Penney and Ernest M. Lindsay of St. Joseph, explaining that to his mind the governor's letter to them was an insult to the entire board.

More Room for Elmo School.

The board of education of the Elmo school district are considering the proposition of submitting to the voters to issue bonds to pay for an addition to the present school house. The addition would likely consist of a two-story building with basement and contain two rooms with a good wide hall above and below. The crowded condition of the school, and especially the high school room, would, in the opinion of the board, justify it.—Elmo Register.

On St. Joseph Market.

Nodaway county was represented on Wednesday's market by Proud & Son, R. L. Peters, E. L. Stafford, G. H. Swaney, J. B. Nunnelley, Ramey & Carr and C. C. Carr.

A preparation which we gladly recommend to you. 50c. a bottle.

It *is* the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

KC BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done.

K C Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.

TABLEWARE

You Will Always Be Proud of

When you purchase silverware that is good it will last a lifetime. Fine Tableware is one thing we all like to see. There is nothing more inviting and appetizing than clean linen and pretty silver.

It is one article you need never be afraid of giving too often, as we known from experience that the ladies pride themselves on having some of this and that pattern, and are constantly adding new pieces to the set.

Illustrations show the new NELLIE CUSTIS pattern in Sterling Silver. This new design is a marked departure from any pattern ever created by American silversmiths. It is original and distinctive, yet beautiful and immediately pleasing. The new contour, the plain top, the slender, ornamented shank—each has a direct bearing on the complete success of the pattern.

The Teaspoon—illustration is slightly reduced—sell for $6 per set of six. The After Dinner Coffee Spoons $3.50 for the set of six.

TOTALLY DIFFERENT — EMINENTLY BEAUTIFUL — POSITIVELY ATTRACTIVE.

Easy and satisfactory choice is guaranteed here, whether you wish to procure a gift as fine as money can buy or some simple and inexpensive, but highly practical remembrance.

RUNS MOTOR AT 100

Hardy Scot Receives Instructions and Then Shows Us How to Do It.

Burlingame, Cal.—Daniel McClane, a hardy Scotchman, who was married at the age of fifty-nine years and has eleven children and several grandchildren, celebrated his centennial here recently by learning to drive an automobile.

With a hundred years behind him, but still hale and hearty, the old man attracted much attention as he scorched through the streets of the town at the wheel of a motorcar belonging to his daughter, Mrs. D. T. Ambrose.

McClane came to California during the gold rush and has been a resident of Lassen county for many years. He came here for the celebration of his one hundredth birthday.

"Whoop!" exclaimed the centenarian, returning from his joy ride. "I never knew that when I was at the helm of a sailing ship seventy-five years ago I'd be running a craft like this!"

"HOW DRY I AM!"

With Piano It Makes Trouble For Scotty In "Dry Town."

Des Moines, Ia.—When A. H. Day, chief of the "booze hunting brigade," accompanied by Night Captain Weaver and two officers, visited the home of Scotty McClure in search for liquor, for a time he imagined that he had been misinformed. All searched high and low, but found no booze.

Scotty insisted that he was a law abiding citizen. The raiders were about to leave when some one thought of the piano.

"Has the instrument been tuned lately, Scotty?" inquired one of the officers.

"Why—er—yes. Oh, yes, it's all right. Plays fine," Scotty replied.

"D'ye ever play 'How Dry I Am' on it?" inquired Weaver, as he pressed his foot against the pedals.

Before Scotty replied a panel beneath the keyboard was pushed open, revealing twenty-one pints of whisky.

GIVES HIS WANT AD. BRIDE $300,000 CASH

Aged Man Wins Georgia Wife, Twenty-eight, by That Course

Atlanta, Ga.—William H. Burden of New York, who was married here recently to Miss Lulu Douglas Thomson, won his bride by means of a want advertisement.

Mr. Burden is seventy-six years old. He has been a widower for several years and has adult grandchildren. The bride is twenty-eight years old. It is generally reported that Mr. Burden settled $300,000 on her just before the wedding ceremony.

The bride is a niece of the late W. S. Thomson of Atlanta and of Mrs. Leonidas F. Scott of Decatur, with whom she has made her home since childhood. She got a substantial estate after her parents died, but most of this was spent on her art studies in Philadelphia, and she recently began to consider earning a livelihood by her own efforts.

A girl friend in Georgia ran across an advertisement which appeared to ask for a companion. The friend answered it, but after a letter or two was told that she "did not suit."

"You try it, Lulu," the friend suggested. So Miss Thomson wrote to the advertiser, received a paper with questions to be answered, filled them out and returned the paper. Apparently she "did suit," for the next mail brought a letter from Mr. Burden, who had been the anonymous advertiser.

Mr. Burden came to Atlanta and pushed his suit so successfully that he won Miss Thomson. The marriage, however, was opposed by Mr. Burden's children and grandchildren, who live in Macon, Ga., from which city Burden went to New York several years ago.

The first news of Mr. Burden's intended marriage which reached the ears of his relatives in Macon, a friend of the family said, was that the aged man went to his bank in New York and drew out $300,000 in cash, tucked it into a gripsack and left for Atlanta.

Mr. Burden's children came to Atlanta from Macon and tried to stop the marriage, even begging Miss Thomson not to wed the aged man. Both Mr. Burden and Miss Thomson, however, insisted that their marriage concerned only themselves. After the ceremony the couple left for New York, where they will live.

PLAN HOLIDAY FOR APRIL 30.

Would Commemorate Inauguration of Washington as President.

New York.—One of the last things done by the late constitutional convention was the approval of a number of recommendations for the enactment of measures by the legislature, and one of the things approved was the suggestion that April 30 be made a legal holiday in commemoration of the inauguration of George Washington as first president of the United States on April 30, 1789.

Delegate Peter Donovan, one of the members representing the Twenty-first senate district in the Bronx, submitted the proposition, doing so on the basis of a letter written him by George J. Clark, a journalist, who urged that just as July 4 was the holiday of American independence and Decoration day was the anniversary of the saving of the Union, so April 30 should be commemorative of national unity.

When the state legislature meets in January one of the two Bronx senators, either Senator James A. Hamilton or Senator John J. Dunnigan, in the upper house and Assemblyman Fertig in the lower, will introduce the necessary bills.

BRAIN SURGERY CURES TWELVE

Exhibition Shows Wonders of Modern Operations.

PARALYTIC BOY ATHLETE.

Lad Goes Through Feats to Delight of New York Doctors—Some of the Victims Resorted to Use of Faculties When Cysts Were Removed From the Brain—Symptoms Puzzled.

New York.—A dozen children were exhibited recently as wonders of modern brain surgery at the Academy of Medicine at a joint session with the New York Neurological society.

The heads of most of them had been cut open, some on one side only, some on both sides, by Dr. William Sharpe and his assistants at Polyclinic hospital.

The children, who ranged in age from two to twelve years, had suffered from spasmodic paralysis, due to hemorrhage inside the skull. In many cases they had been seized with convulsions soon after birth. In a number of instances the paralysis was not much noticeable until eight months or so after birth.

In cutting into the heads of a large proportion of the cases the surgeon found cysts, which had to be removed. Sometimes the symptoms had been puzzling, and in every case where a hemorrhage was suspected as the cause of the symptoms the eye signs were investigated, and an examination was made of the spinal fluid to corroborate the diagnosis.

Little ones who before the knife explored their skulls were incapable of speech or even of locomotion or movements of the arms were able to talk and laugh and run backward and forward and hold their arms up above their heads like normal children.

One of the children, a boy, who before the operation couldn't walk or talk intelligibly, now goes seven blocks to school twice a day.

One little child that formerly was always huddled up, with its head bent down almost to its feet, trotted proudly before the surgeons, some of whom stood on chairs in order to get a better view.

In none of the cases shown at the meeting had there been any convulsions or backward symptoms since the use of the knife. Out of over 170 operations, according to the Polyclinic professor, there were only twelve deaths, and there were special reasons to account for them, including extreme emaciation in a number of instances when the skull was cut open.

One of the children was a boy of twelve, who, from being a helpless paralytic, had been taught by Dr. Bess M. Mensendieck to use one muscle after another until he has finally got almost as much control over himself as a professional athlete. The process of teaching him went on daily for more than six months.

The boy was stripped, and then on a mat he went through practically all the contortions of a wrestler, bending his body backward, forward, sideways, twisting his trunk, raising his arms, flexing his legs and rising from the mat by the use only of his leg muscles.

Dr. Alfred S. Taylor showed two young men who had been restored to health by opening their backs and removing spinal cord tumors.

Dr. C. Burns Craig, who served with the American ambulance service in Paris, told of the injuries to the peripheral nerves produced by modern warfare.

Few soldiers survive bayonet wounds, added Dr. Craig. They die either from shock or loss of blood.

THIS CLOCK STILL TICKS.

Wheels Are Made of Wood, and It Is a General Guide.

Asheville, N. C.—Charles Bolick of this city is the possessor of an old clock, still running, although its wheels are made of wood, and its history can be traced back for over forty years. Besides giving the time, the clock has pasted in the back some statistics.

From this clock it is learned that in the year 1812 the postage rate for a single letter for a distance not exceeding 30 miles was 6 cents; over 30 miles and not exceeding 80, 10 cents; over 80 miles and not exceeding 150 miles, 12½ cents, and for a distance of 400 miles, 25 cents.

North Carolina in 1812 contained 638,820 people and the United States 9,625,730. Judging from this record in the back of the clock it must be at least 100 years old.
